## Wall Chaser ▶ **SC180**

The Clipper SC180 wall chaser is the ideal machine for the heating engineer or electrician. Powered by a 1,8 kW electric motor, the SC180 enables trouble-free and precise cutting of construction materials such as:

brick, limestone, breeze blocks, sandstone, etc. Cutting width is adjustable up to 35 mm. The ergonomic design and integral ventilation system of the machine combine to maximise ease of use and operator comfort.

## Wall Chaser ▶ SC180

Operator safety is assured by a guard which fully covers the blades during use. The machine is supplied complete with two diamond blades in a practical and portable compact carrying case.

### Features

- ▶ Wall chaser with twin blades for parallel cutting. Blade spacers allow adjustable width of cut.
- ▶ Powerful 1,8 kW electric motor for long life
- ▶ Adjustable depth of cut up to 30, 40, 50 and 60 mm
- ▶ Easy to use by an ergonomic design.
- ▶ Adjustable handle and mechanical stop
- ▶ Blade completely covered during cutting operation and a safety switch to increase safety.
- ▶ Cuts construction materials such as: bricks, limestone, concrete, breeze blocks, sandstone
- ▶ Machine delivered complete - Machine  
2 x 180 mm diamond blades  
Metal case  
Tool set

### Specifications

#### Model

SC180	00 HP (1,8 kW)
Electric motor	220V or 110V

#### Characteristics

Max. blade ø	180 mm
Bore	30 mm + 2x6 mm
Max. depth of cut	60 mm
Width of cut up to	35 mm
Blade speed	4900 rpm
Intake for dust extractor	35 mm
Sound Pressure	97,5 dB(A)
Sound Power	110 dB(A)

#### Dimensions / Weight

Length	320 mm
Width	340 mm
Height	300 mm
Weight	6,5 kg

#### Accessory

Vacuum dust extractor
